

case study on

# Collaboration Hub

# PROJECT OVERVIEW

The project aims to establish a dynamic platform facilitating a symbiotic relationship between clients and xperts looking for project opportunities. Through a user-friendly interface, clients can post projects and find xperts seamlessly. Clients outline project details, and experts apply for suitable projects, fostering collaboration. The platform features project posting, expert discovery, and efficient communication channels ensures efficient collaboration, connecting clients with the right experts and empowering experts to explore and engage in projects aligned with their expertise.

## CLIENT DETAILS

Name: **Confidential**

Location: **USA**

Industry: **Job Consulting Application**

## TECHNOLOGY DETAILS

-  **PHP**
-  **Wordpress**
-  **MySQL**
-  **jQuery**
-  **Bootstrap CSS**

# PROJECT FEATURE VIEW

The website offers two types of accounts:

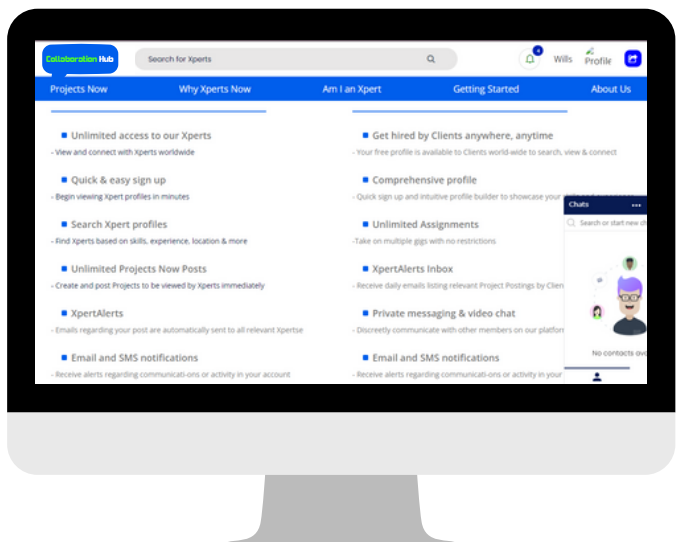

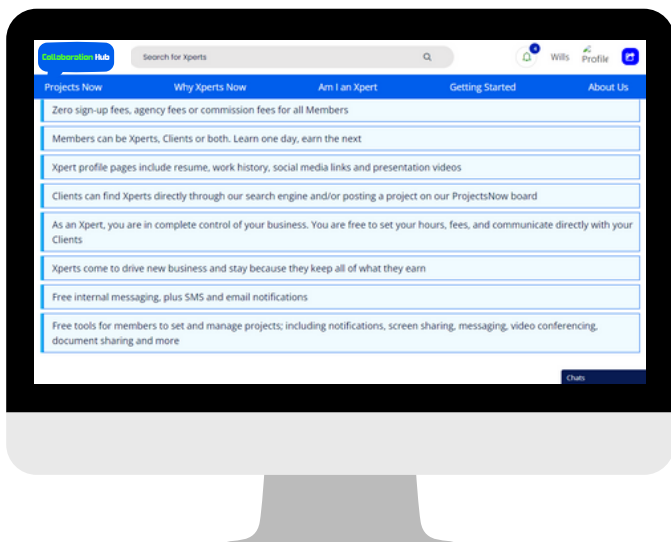

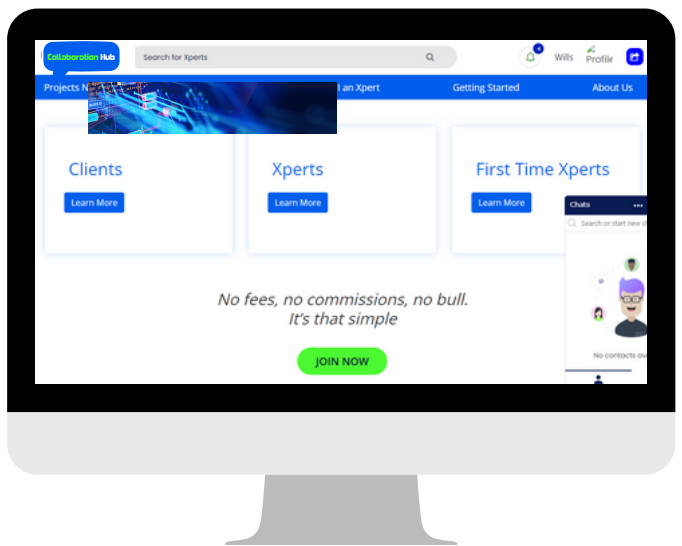

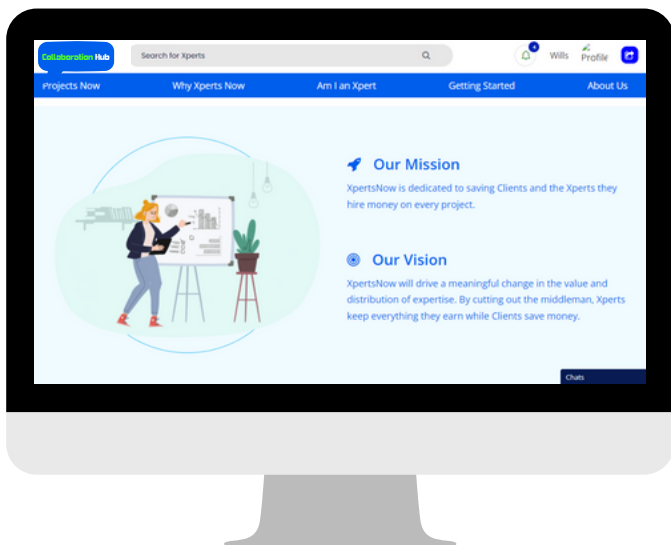

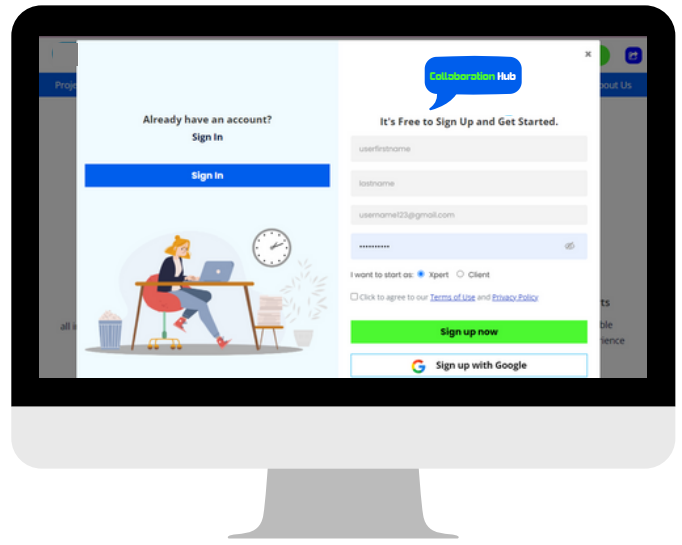

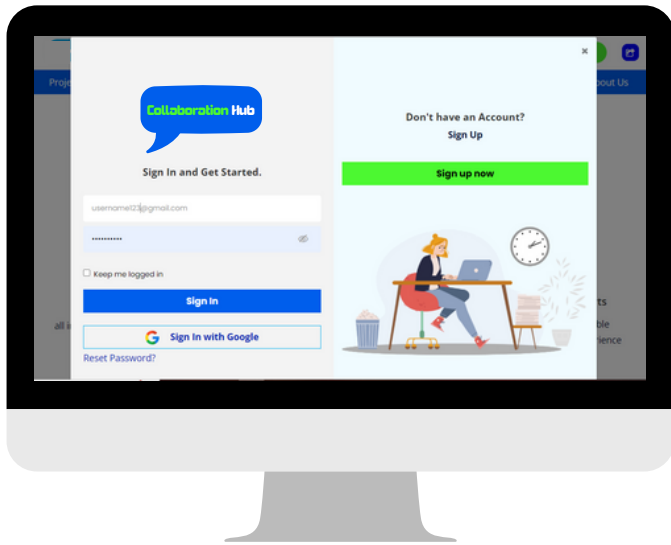

**Client** and **Xpert**.

**Client account:** This account allows users to create various projects based on their specific requirements and needs. They can post these projects and reach a wide range of potential xperts. They can also search and find suitable xperts for their projects. They can even create projects for a specific xpert if they want. The website also enables communication through chat, so that clients can discuss project details with xperts.

**Xpert account:** This account gives users the opportunity to explore different projects posted by clients. They can save the projects they are interested in for later. They can also apply for the projects they want, showcasing their skills and experience. Moreover, they can communicate directly with clients, ensuring collaboration and clarity throughout the project. To increase their visibility, they can easily share their profiles on social media platforms

The screenshot shows the homepage of the Collaboration Hub website. At the top, there is a navigation bar with the 'Collaboration Hub' logo on the left, a search bar with the text 'Search for Xperts', and buttons for 'Sign In' and 'Join Now' on the right. Below the navigation bar is a blue horizontal menu with links for 'Projects Now', 'Why Xperts Now', 'Am I an Xpert', 'Getting Started', and 'About Us'. The main content area features a large heading: 'We connect People with Xperts for free'. Below this heading, there is a sub-heading: 'Xperts join to drive new business and stay because they keep all of their fees. Clients hire knowledge workers they need...when they need them'. There is another search bar with the text 'Search for Xperts'. On the right side, there are two video player thumbnails. The top one is titled 'Video For Xperts' and shows a person sitting at a desk with a laptop, with text overlay: 'ZERO COMMISSION OR CONNECTION FEES'. The bottom one shows the 'Collaboration Hub' logo.
